### **Request for Public Comment on a Commercial Availability Request under the U.S.-Morocco Free Trade Agreement**

**[INSERT DATE]**

**AGENCY:** Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Request for public comments concerning a request for modification of the U.S.-Morocco Free Trade Agreement (USMFTA) rules of origin for certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers.

**SUMMARY:** On November 16, 2015, the Government of the United States received a request from Swimsuit Commission Corporation (SCC) to initiate consultations with the Government of Morocco under Article 4.3.3 of the USMFTA. SCC is requesting that the United States and Morocco consider revising the rules of origin for certain women's and girls' swimwear to address availability of supply of certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers in the territories of the Parties. The President may proclaim a modification to the USMFTA rules of origin for textile and apparel products after reaching an agreement with the Government of Morocco on the modification. CITA hereby solicits public comments on this request, in particular with regard to whether certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 6004.10 containing between 3 percent and 41 percent elastomeric yarns, in which the elastomeric yarns were engineered for chlorine resistance, can be supplied by the U.S. domestic industry in commercial quantities in a timely manner. Comments must be submitted by **[INSERT DATE 30 DAYS FROM PUBLICATION]** to the Chairman, Committee for the

Implementation of Textile Agreements, Room 3001, United States Department of Commerce, Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Maria D’Andrea, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-1550.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 203 (j)(2)(B)(i) of the United States – Morocco Free Trade Agreement Implementation Act (19 U.S.C. 3805 note) (USMFTA Implementation Act); Executive Order 11651 of March 3, 1972, as amended.

**BACKGROUND:** Under the USMFTA, except as otherwise provided in the USMFTA, the Parties are required to progressively eliminate customs duties on originating goods in accordance with their schedules. See Article 2.3.2. The USMFTA provides that, on the request of either Party, the Parties shall consult to consider whether the rules of origin applicable to a particular textile or apparel good should be revised to address issues of availability of supply of fibers, yarns, or fabrics in the territories of the Parties. See Article 4.3.3 of the USMFTA. In the consultations, each Party must consider data presented by the other Party showing substantial production in its territory of a particular fiber, yarn, or fabric. Substantial production has been shown if domestic producers are capable of supplying commercial quantities of the fiber, yarn, or fabric in a timely manner. See Article 4.3.4 of the USMFTA.

The USMFTA Implementation Act provides the President with the authority to proclaim as part of the HTSUS, modifications to the USMFTA rules of origin set out in Annex 4-A of the USMFTA as are necessary to implement the USMFTA after complying with the consultation and layover requirements of Section 104 of the USMFTA Implementation Act. See Section 203(j)(2)(B)(i) of the USMFTA Implementation Act. Executive Order 11651 established CITA

to supervise the implementation of textile trade agreements and authorizes the Chairman of CITA to take actions or recommend that appropriate officials or agencies of the United States take actions necessary to implement textile trade agreements. 37 FR 4699 (March 4, 1972).

On November 16, 2015, the Government of the United States received a request from SCC, alleging that certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers classified under HTSUS subheading 6004.10 containing between 3 percent and 41 percent elastomeric yarns, in which the elastomeric yarns were engineered for chlorine resistance, cannot be supplied by the domestic or Moroccan industry in commercial quantities in a timely manner and requesting that the United States consider whether the USMFTA rule of origin for certain women's and girls' swimwear, classified under HTSUS subheading 6112.41, should be modified to allow the use of certain non-U.S. and non-Moroccan printed and piece-dyed warp knit fabrics of polyester or nylon fiber, classified under HTSUS subheading 6004.10 containing between 3 percent and 41 percent elastomeric yarns, in which the elastomeric yarns are engineered for chlorine resistance. CITA is soliciting public comments regarding this request, particularly with respect to whether certain printed and piece-dyed warp knit fabrics of polyester or nylon fibers described above can be supplied by the U.S. domestic industry in commercial quantities in a timely manner. Comments must be received no later than **[INSERT DATE 30 DAYS FROM PUBLICATION]**. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3001 in the Herbert Hoover Building, 14th and
